No DW intakes have been affected. They don't touch the San Juan - the one that does is closed.  
We are worried about private wells and ag/irrigation.

Kelly:

I'm a new media officer in Region 8. Rich Mylott thought you would be able to tell me how many DW intakes on the Navajo Nation have been shut down as a result of the Gold King Mine release.

Can you help? I'll get back to the reporter after I hear from you.

Thanks,

Laura Jenkins
